Dear Tommy:

This is just to remind you that I hope that nothing will be done officially about this until we get Wright over the hurdles. You will note that I have, therefore, not stated it in response to your assurance that it will be held until Wright's promotion is through or until we give up all hope.

While I believe that this can be used by you to assure the Bureau of Personnel that he should be saved for this job, putting the bee on me before I get Wright straightened out will be a tremendous handicap as you can well realize.
